

FOR IMMEDIATE RELEASE

## **RONALD McDONALD DENTAL CARE SERVICES AVAILABLE**

January 19, 2011 – On Monday, February 7<sup>th</sup> the Ronald McDonald Care Mobile will be at CEAP's Brooklyn Park office once again, offering 14 pre-registered children dental care at no cost. As of today, they still have 8 openings.

In October 2009, The Ronald McDonald House Charities-Upper Midwest (RMHC-UM) expanded its vision to include providing dental services to children in the Twin Cities area who lack access to critically needed care. Their Care Mobile was developed to bring these services directly to their neighborhoods. It features two dental stations equipped to provide routine cleanings, fluoride treatments, sealants, x-rays, and other dental treatments. The Care Mobile makes stops in 13 counties, reaching schools, community centers, and facilities like CEAP.

CEAP has hosted the Care Mobile three times so far, with great success. They hope to continue their partnership with Ronald McDonald, but this can only happen if there is a need. "We know there are people out there who are eligible for this service, and need the help. But it's all a matter of spreading the word," says CEAP Family Service Director, Annetta Willers. CEAP currently has several of its 14 appointments left to fill for the Care Mobile's February visit. If you or someone you know, living in Brooklyn Park, Brooklyn Center, or East Champlin, has children under the age of 21, and has no dental insurance please call CEAP at 763-566-9600 to get scheduled for the next Care Mobile visit.

For more information on the Ronald McDonald Care Mobile please call 612-767-2790.

CEAP is a charity dedicated to stabilizing individuals and families in financial distress and helping them to live independently and with dignity. CEAP has provided food, clothing, financial assistance, and other emergency services to the Twin Cities community for 40 years. To learn more about CEAP, and the services it provides, please visit [www.ceap.com](http://www.ceap.com).
